Designed by THE HOUSE OF JOSHUA®, California

THE SHERATON HOTEL

Location: The Sheraton Denver Downtown Hotel
Product: The House of Joshua® Chevron Collection, MADRA
Installation Date: March, 2020
Interior Design: Gensler

With the look and feel of real hardwood and the durability of luxury vinyl tile (LVT), The House of Joshua's Chevron Collection provides an ideal flooring installation for the newly renovated Sheraton Denver Downtown Hotel.

The Sheraton Hotel project highlights The House of Joshua Chevron Collection through the designer's composition. It presents the transformation of the design space through the use of the LVT Chevron Collection, both visually and functionally.

This designer-exclusive flooring delivers innovative solutions to the challenges of commercial spaces. LVT yields a 0.7mm wear layer, allowing the product to withstand the heavy foot traffic in this public space. The flooring also requires incredibly low maintenance and includes a 15 year commercial warranty.

Gensler chose the color MADRA and the aesthetic of the flooring combined with its functionality make The House of Joshua's LVT Chevron Collection a noteworthy addition to the renovations of the Sheraton Denver Downtown Hotel.

ABOUT US

Located in Orange County, California, THE HOUSE OF JOSHUA® is a designer-first design studio created exclusively for interior designers in need of compelling architectural products. We create high performance luxury vinyl tile flooring with exceptional visuals and durable quality that can't be found anywhere else.

As a brand, THE HOUSE OF JOSHUA® represents elegance and artfulness. We are completely dedicated to designing and manufacturing highly compelling architectural products. The House of Joshua places great pride on our partnerships with designers looking for the kind of innovative, stunning products that will bring their work to the next level.
